

serial\_port\_int\_handler

```
graph LR; A[serial_port_int_handler] --> B[read_serial_port_msg]; B --> C[push];
```

A flowchart illustrating a sequence of three steps. The first step, 'serial\_port\_int\_handler', is in a white box. A blue arrow points to the second step, 'read\_serial\_port\_msg', also in a white box. Another blue arrow points from the second step to the third step, 'push', which is in a gray box.

read\_serial\_port\_msg
